strategic plan

our future **EVENLEY**

2016 to 2019

Our Parish: present and future

People love living in Evenley. The Parish is known for the pretty village green, local cricket matches, St. George's Church, a welcoming pub and its strong sense of community. We also enjoy a vibrant cultural life. Children thrive here. The community supports families and households facing difficult times, whether through illness, disability or other challenging circumstances. Volunteers make an important contribution to every dimension of Parish life.

To build on what has gone before to make **EVENLEY**, an even better place to live, work and play

Creating the Plan

This is our first three-year strategic plan, compiled as part of the work on 2016/17 budget planning. We welcome comments from residents, businesses, stakeholders and partner organisations. With the recent new appointments of chairman, vice-chairman and four new councillors there is a lot to do. We had good feedback from our SWOT analysis, and incorporated this along with information from the parish plan.

Many parishioners have made important contributions to village life - as a member of the parish council, the village hall committee, the ERA, the Church, a club or society. It is important we build on their knowledge and experience. So we will encourage more cooperative working between various groups, and seek to involve more parishioners in parish council work, for the benefit of the community.

Many of our ambitions for the parish can only be achieved in partnership with other organisations, including Northamptonshire Police, South Northamptonshire Council, Northamptonshire County Council, Highways England and Heritage England. We will develop good personal relationships which are key to successful partnership working.

It is particularly important to ensure that the parish council is operating as efficiently and effectively as possible, and so this first strategic plan places emphasis on training for new councillors and on building our operational competence. It is our aim to obtain Local Council Award Scheme (LCAS) foundation level accreditation before the next planned elections in 2019.

We will monitor the success of our plan by defining clear goals and objectives and presenting annually the progress and success that has been achieved. We have not been able fully to develop some policies because of pressure of time. In these cases we have set a deadline for the review process to be completed and the policy agreed.

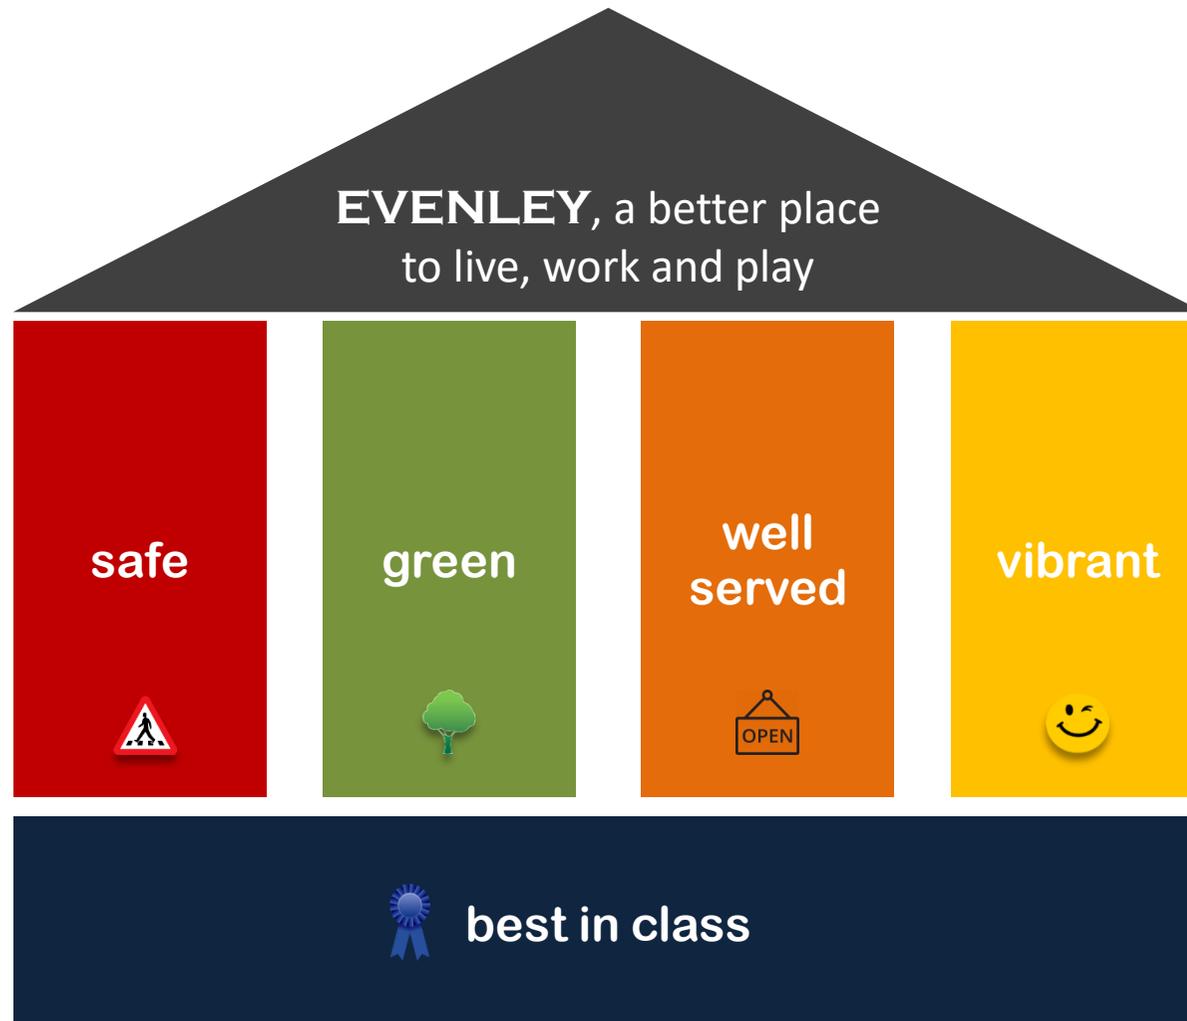

We look forward to working with you over the next three years to serve our local community.

Jean Morgan, Former Chairman Evenley Parish Council

Four Key Themes

Our strategy is to focus on four key themes, underpinned by “best in class” governance.

What we will do

safe

make the Parish a safer environment for those that live, work and grow up in Evenley

green

conserve and enhance the environment of the village and the surrounding countryside

well-served

help to ensure residents have access to facilities and services for day-to-day living now and in the future

vibrant

organise and support activities to help residents to lead healthy and satisfying lives in a socially balanced community

best in class

develop an effective, proactive and communicative parish council that is responsive to parishioners, of all ages

safe

TOPIC	OUTCOME	2016/17	Updates Feb 17	Updates Feb 18
