

## **Flag Warden Report for Evenley's Annual Parish Meeting 2017**

**By Denise Stevens**

Thank you for your invite to speak at the meeting on the 3<sup>rd</sup>, unfortunately I am unable to attend.

A recap on what I do as the warden is as follows:

- I check the state of the rope and pole once a month.
- I raise the union Jack Flag when appropriate, i.e. commemorate days and birthdays of certain members of the royal family.
- The St Georges Day flag is raised for St George's Day.
- The Evenley Flag, I raise when there are cricket matches and the Evenley Fete and of course Mothering Sunday.

However, I would like this year to raise the Evenley Flag, starting on spring day, so it is up for Mothering Sunday, and leave it flying until the end of the summer. This will of course have to be replaced by the Union Jack Flag when appropriate.

The rope and connectors were renewed by Jeff Peyton-Bruhl at the end of March and everything is now in good working order.
