

EVENLEY NEIGHBOURHOOD WATCH

Report for Evenley Parish Council AGM 15th April 2019

I continue to receive emails from Northamptonshire Police, and Neighbourhood Watch on a regular basis. A lot of the details relate to criminal activity outside our Village, but I sift through the information and send it on to just short of 40 email addresses.

I do get minor reports of events in the village, but the main concern is "rogue" gardeners and builders who seem to prey on older members of the community. The police can only act if provided with clear details such as registration details and names which might be apparent on vehicles.

I just would ask that all of us keep an eye on our neighbours. I am aware that some villagers do not know who their next-door neighbours are or even care. Such a pity!

Please remember to be vigilant but take care not to attempt to take any matters in your own hands.
